Dear colleagues

I would like to congratulate you on the brilliant idea of the international competition of student scientific works. I am sure that such activity is a great opportunity to enhance cooperation of participants, their tutors and organizers. The realization of the whole project required a lot of work from you.

I am very pleased that I could take part in this event - "Black Sea Science -2019" as a member of the jury. I appreciate the work, ideas and commitments of students. The submitted works presented a high level.

I believe that this competition has created next connection between us which will strengthen our cooperation.

Yours faithfully

Sylwia Chudy Ph.D
